Production

► Fisher Productions

Fisher Productions has a reputation as a leading creative and technical event production company; producing, designing and managing stunning tailor-made events. Constantly inventive, with unique in-house capabilities, Fisher offer technical expertise across lighting, sound, AV, design and staging.

► Light Motif

Light Motif is a full service event production company, specialising in creative, well designed solutions for your event. The company was founded on a desire to provide stylish events, coupled with consistent and reliable delivery. The creative team has a strong background in theatre and opera, enabling them to bring unusual and highly creative designs to your events.

► Oxygen Events

Oxygen Event Services offer event lighting, audio, video and staging solutions. From simple atmospheric lighting to enhance your event to complex moving light installations, discreet audio systems for speeches and back ground music to full band PA. Video equipment includes Plasma/LED screen displays to large screen projection formats for award shows and presentations.
