

TIPS FOR TEACHERS

- * Print the HARD HAT template on thin card for a sturdier hat.
- * Select A3 and 'actual size' on the printer settings.
- * You may need to help pupils measure their heads and cut the bands to size.

MAKE YOUR OWN MAIL RAIL HARD HAT

YOU WILL NEED

- Coloured pens or pencils
- Scissors
- Sticky tape
- Glue

HOW TO ASSEMBLE YOUR HARD HAT

Colour in and cut out all the pieces.

Attach the two head bands to either side of the main hat with sticky tape (A-A and B-B).

Attach the headbands together at the back (C-C) so the hat fits your head. Ask an adult to help you.

Attach the top band to the back of the head band. Cut it to size if it is too long.

Cut the tabs on the main hat and fold at the dotted lines so the tabs are sticking forwards.

Dab glue on the tabs and stick the peak on, so the front of the hat curves round.
