

Rules for Sorted!

Whilst enjoying your visit remember:

- Sorted! is not a soft play zone. All children must be supervised by an accompanying adult.
- Please respect others and the equipment provided by following age guidelines and playing safely – e.g. by not running in the spaces.
- Adults must ensure that children in their care are capable of using the slide safely. Only one child should use the slide at any one time. Ensure the person in front has cleared the bottom of the slide before descending. Do not play in front of or at the bottom of the slide.

Children should use the slide feet first, sitting up with legs out straight. Do not stand, climb, walk, or try to stop while descending.

- Shoes must be worn at all times. Long sleeved tops (e.g. t-shirts) and leggings or trousers are also recommended.
- Food and drink is not permitted in the Sorted play space.
- Please help us keep the space tidy by using the bins provided.
- Staff can help with any questions and have access to First Aid equipment.

No running

Thank you to Graham Buckland for his generous donation to support Sorted!
